## First Announcement

# 15<sup>th</sup> International Congress of Biorheology and 8<sup>th</sup> International Conference on Clinical Hemorheology

The Joint Meeting of International Society of Biorheology and International Society for Clinical Haemorheology

**May 24-28, 2015 / Korea University, Seoul, Korea**

## General Contact

Herbert Lipowsky (ISB)  
Penn State University, PA, USA  
Phone: +1(814)865-1407  
Email: [hhlbio@engr.psu.edu](mailto:hhlbio@engr.psu.edu)

Sehyun Shin (ISCH)  
Korea University, Seoul, Korea  
Phone: +82(2)3290-3377  
Email: [lexerdshin@korea.ac.kr](mailto:lexerdshin@korea.ac.kr)

## Call for Symposia

<http://isb-isch2015.org>

### Preliminary Topics of Symposia

- Hemorheology of macro-/micro-circulation
- Clinical Hemorheology
- Molecular biorheology
- Mechanobiology of blood cells/ endothelium
- Biorheology and Biotechnology
- Biorheology of Cancer
- Red Blood cell Aggregation and Deformability
- Physics of cell - cell Interaction
- Rheology of Intracellular Processes
- Thrombosis and Hemorheology
- Microfluidics & Optics in hemorheology
- Sensors, Measurements and Methods
- Numerical modeling and simulation
- Biorheology in Pharmacology
- Rheological Behavior of Bio-materials
- Nitric Oxide in Biorheology
- Physical Training and Hemorheology

### Instruction:

- Please download the symposia proposal template from website, fill in the form and submit via email to the program committee as below.
- Each symposium should include 4 invited speakers maximum.
- Time available for each symposium is 90 minutes.
- Symposium format: Equal division of time between speakers (e.g., for 4 speakers, 22 minutes maximum each, including Q&A).
- If you have already contacted potential speakers, please indicate 'yes' or 'no' as appropriate in the boxes under 'contacted' and 'agreed'.
- We regret that it is not possible to waive registration fees or offer travel funds for symposia organizers or participants.
- Criteria used to evaluate proposals will include scientific quality and relevance to conference themes, balance between clinical and basic science topics and representation of national societies.

### International Scientific Program Committee

Peter Butler (ISB Chair, USA)  
Tamas Alexy (ISCH Co-Chair, USA)  
Brian M. Cooke (ISCH Co-Chair, Australia)

Phillipe Connes (Guadeloupe)  
C-T Lim (Singapore)  
Herb Lipowsky (USA)  
Mian Long (China)  
Herb Meiselman (USA)  
Gerard Nash (UK)  
Walter Reinhart (Switzerland)  
Geert Schmidt-Schonbein (USA)  
Kalman Toth (Hungary)  
Sung Yang (Korea)

### Important Dates

Symposia Proposal Submission by **August 31, 2014**

### Submission to:

Peter Butler (pbutler@psu.edu),  
Brian Cooke (brian.cooke@monash.edu) or  
Tamas Alexy (tamas.alexey@emory.edu)
