

(12) 1976年 上記を包んだ包装紙 (記載がある) 昭和51年8月30日～9月3日

TENTH INTERNATIONAL CONGRESS OF ANGIOLOGY  
TOKYO, JAPAN  
30 AUGUST - 3 SEPTEMBER 1976

This diploma is made of specially handmade Japanese paper "torinokogami", and the golden fringe symbolizes the lucky bird "ho-o (Japanese phoenix)" and the lucky tree "kiri (paulownia)".

The symbol of three circles means the three circulatory systems in the human body, namely, artery, vein and lymphatic. This was designed by Dr. Nishimaru, the honorary president of the congress, and is the symbol of the Japanese College of Angiology.
